

PARENTS, IS YOUR CHILD PRESENTLY IN AFTER SCHOOL CARE?

WE HAVE A MARTIAL ARTS ALTERNATIVE FOR YOUR CHILD!!

Hello, we are Don & Theresa Wideman, parents of 7 year old twins. Can we take a minute to talk to you about your child?

These are very busy and trying times for parents. With work and daily responsibilities, providing a safe and proper after school environment for your child is always a challenge. We'd like to introduce you to TASMA (*transported after school martial arts*).

Black Belt America will pick your child up from his or her school and they will be driven by professional school bus drivers to our after school program...TASMA! We have been the leaders in children's martial arts programs for over 13 years. At our academy, your child's after school time will be filled with all the benefits martial arts has been proven to give children. This exciting program will develop your child's Focus, Self Discipline, Self Esteem, and Respect. In addition to these personal development skills, your child will develop many physical skills such as Coordination, Flexibility, Balance, and Endurance.

WHEN YOUR CHILD ARRIVES AT THE ACADEMY...

- Your child will have time for a snack and then on to our organized, planned martial arts program.
- Your child will have free time to enjoy supervised activities.
- Parents will pick up their child between 5 and 6 pm.
- Unlike day care, traditional after school care or babysitters, we are professionals in child development through martial arts training.
- We don't accept infants or pre-schoolers, our focus is strictly on the 5-12 year olds.
- Black Belt America is not a daycare, but is a great martial arts alternative for your child!

SOUNDS GREAT DOESN'T IT? BUT WAIT, THERE IS EVEN MORE...

- We do not charge extra for teacher in service days.
- We don't have contracts...it is strictly week to week.
- We transport your child directly from school to our academy at no extra cost (TASMA).

THERE IS EVEN MORE GOOD NEWS!

- If you enroll your child for the first three weeks of the school year, receive the fourth week free!!!
- Our prices are very reasonable and comparative to other after school programs.

WE ARE NOW AVAILABLE FOR PRIVATE CONSULTATIONS AND TOURS OF THE ACADEMY. THIS WILL ALLOW YOU TO SEE OUR FACILITY, MEET OUR INSTRUCTORS, AND SEE IF TASMA IS RIGHT FOR YOUR FAMILY!

**CALL TODAY TO HAVE YOUR CHILD'S SCHOOL PUT ON THE TRANSPORTATION ROUTE FOR ONE OF OUR 2 CONVENIENT LOCATIONS!
